Introduction

Core Virtues

The Code of Student Conduct provides behavior guidelines for development of good social skills, students as responsible citizens, and accelerated learning school culture. All stakeholders—students, parents, administration, faculty, and support staff—enter a partnership in responsibility to build positive character in our students that prepares them for college, work, military, parenthood, and community service.

Our Core Virtues empower students with the knowledge, skills, attitudes, and opportunities to become responsible members of the home, school, and community. The seven core virtues are the following:

- Courage
- Respect
- Excellence
- Integrity
- Humility
- Wonder
- Self Government

The seven core virtues represent values of responsible citizenship and empower students with the discipline to be lifelong learners and enlightened citizens in a diverse society.

Each individual has rights and responsibilities. The Code of Student Conduct attempts to preserve individual rights in the school community and deliver academic excellence in a safe, emotionally secure community of learners. Diversity is our strength and we pursue productive classrooms where all students find meaning, dignity, and sense of community.

The overarching goal of the Code of Student Conduct is to teach students self-discipline and good social skills. We want to keep students in school. Our Positive Discipline Support Plan provides a framework for progressive and constructive discipline practices and in-school interventions for minor misbehaviors. Out of school suspension is reserved for serious infractions of the Code of Student Conduct.

Parents are our most valuable partners. We seek your cooperation and participation in the ongoing development of your child's academic knowledge, skills, and attitudes and social skills. We encourage you to read and review the Code of Student Conduct with your child and encourage acceptable behavior at school.

SECTION A: A PARTNERSHIP IN RESPONSIBILITY

The Academy is committed to respect for the rights of others. Rules governing discipline and conduct are written so that parents, students, teachers, and the School Leader know what is expected of students. By working together under clearly stated and consistently enforced regulations, we can administer firm, fair and consistent discipline practices as called for by the US Department of Justice.

Parents, teachers, staff, the School Leader, and the Board of Directors are responsible for helping students develop self-discipline and learn social skills required for work and college. The Code of Student Conduct delineates the partnership that the school and the larger-community share across several broad concepts.

Environment, which includes the climate of the school;

Education, which includes preparation and work habits;

Respect, which includes treatment of others;

Participation, which includes involvement in school activities; and

Expression, which includes dress and verbal and nonverbal issues.

These broad concepts appear in each statement of responsibilities contained in this handbook.

Beliefs

The following beliefs guided the development of the Code of Student Conduct:

1. That schools must be safe and secure for students and staff.
2. That students have rights and responsibilities in the learning environment.
3. That the school is for instruction and learning, and anything that distracts from the learning process must be dealt with by the School Leader, faculty, and staff within progressive and positive discipline practices.
4. That students and their parents should be knowledgeable of school and classroom rules.
5. That students have a responsibility to exercise self-control over their own behavior and that teachers and support staff have the responsibility to teach students good social skills and acceptable behaviors.
6. That the responsibility for discipline is shared among students, school personnel, the Board of Directors and parents.
7. That the school respects differences in discipline practices at home as long as they are within the parameters of the law.
8. That students who violate school and classroom rules, must be afforded their rights to due process, which are procedurally, morally, and legally fair and correct.
9. That students, when they violate school and classroom rules, should be assigned

- corrective measures with the purpose of teaching good social behaviors.
10. That disciplinary measures should be progressive, corrective, and preventive, unless the safety of students is an issue.
 11. That disciplinary measures should be firm, consistent, and fair.
 12. That the disciplinary measures of the school should be a problem-solving process and should focus on the causes of the infraction and learning acceptable behaviors.
 13. That the assigning of disciplinary measures should be reasonable.
 14. That students, who commit criminal acts, should be administered measures that are severe and swift when the safety of the general school population is at issue.

School Jurisdiction

The authority of the school over the conduct of students extends to the following locations:

1. On the school grounds during, before, and after school hours.
2. On school sponsored transportation for all school-related activities and the regular school day.
3. On the school grounds, as either a spectator or a participant at any other time when a school group is using the school.
4. Off the school grounds at any school-related activity, function, or event as a participant or a spectator.

Student Expression

The School Leader will maintain open channels of communication through which students may express their individual or group concerns and suggestions that will be formally and informally deliberated.

We sincerely believe that continued recognition of students' rights and responsibilities will develop within our youth a student philosophy that will nurture their internal strengths, will deter the influence and spread of degrading attitudes, and will perpetuate the American ideal of a responsible, democratic system of government.

SECTION C: GUIDELINES FOR STUDENT BEHAVIOR

School leadership, teachers, and support staff are responsible for ensuring that meaningful and engaging instruction takes place and that students who want a high-quality education, receive it. Educators share responsibility to teach students the social and emotional skills required to achieve success in school, including interventions to monitor and change behavior until the individual student demonstrates acceptable behavior as a student and member of the school community.

Attendance

Michigan law places responsibility on each student to attend school on time, every day regularly and on each parent/guardian to send their child to school every day. The Board of Directors requires that all students attend school during the days and hours that the Academy is in session. Students are expected to be at school every possible day because they miss valuable instructional time and fall behind in their studies. Attendance is also an important habit to learn in preparation for work. Each student is expected to receive a minimum of 1,098 hours of instruction to be promoted to the next grade or receive credit in coursework.

Help Your Child Succeed in Life: Build the Habit of Good School Attendance

Did you know?

- It is the parent/guardian's responsibility to get their child to school.
- Missing just five days of school means 30 hours of missed instruction.
- Starting in kindergarten, there is a direct link between absences and reading level.
- One in ten kindergarten and first grade students are chronically absent.
- Students who are chronically absent are 7.5 times more likely to drop out of high school.

WHAT CAN YOU DO?

- Set a regular bedtime and morning routine.
- Lay out clothes and backpack the night before.
- Develop a back-up plan for how your child is getting to school in case something comes up. Call on a friend, family member or neighbor.
- Don't let your child stay home unless he or she is really sick. A stomach ache can be a sign of anxiety or avoidance.
- Have your doctor fax or email the school directly.
- Talk to your teacher or school leader if you need additional help or resources

Parents are asked to call the school office to notify the school of their child's absence or to leave a message on the answering machine whenever their child will be absent from school. Parents are encouraged to notify the office manager prior to 9:00 AM. Parents are to provide valid written documentation stating the cause of absence for the absence to be excused; otherwise, the absence will be considered unexcused.

Excused absences may be granted for the following reasons:

- a. Illness of the student. The School Leader may require a doctor's statement. A doctor's statement of illness must be presented if a student is absent more than three consecutive days or more than ten absences during a semester.
- b. Illness in the immediate family, which requires absence of the student from school.

- c. Death in the immediate family (should not exceed five days).
- d. Recovery from an accident.
- e. Required court appearance. Parents are asked to notify the school in advance.
- f. Professional appointments. Parents need to notify the school in advance of the appointment and are encouraged to have the child return to school after the appointment.
- g. Religious holidays regularly observed by persons of the student's faith, provided the parent has given written notice in advance of the absence.
- h. Absences for other reasons as approved by the School Leader upon request of the parent.

Upon return to school, a student is to check with his or her teacher(s) to schedule make-up work.

When a student accumulates 12 absences, the parents will attend a mandatory meeting with the School Leader. This meeting will determine the course of action that will be taken, which may include the development of an attendance contract, an absenteeism report submitted to the truancy officer, possible withdrawal from the school, and possible petition to the juvenile court. If the family chooses not to participate in the meeting, or the student does not uphold the attendance contract, an absenteeism report will be submitted to the county truancy officer. Students who are chronically absent may be recommended for retention.

When a student is absent from school for ten consecutive days without knowledge of the School Leader will be withdrawn from the Academy and the student's directory information will be reported to the truancy officer of the intermediate school district and other state and local agencies. The School Leader will attempt to make contact with the student's parent/caretaker during the period of consecutive absences.

Student Arrival and Dismissal

Arrival and dismissal of students will be supervised by staff 30 minutes before school starts and 30 minutes after school dismisses. Parents may circle through the parking lot and drop-off their children at the entrance of the school; children should proceed to their designated area with their teacher. If you need to enter the building, you may park in the designated parking area. Students who are leaving school at the end of the school day are to be picked-up at the end of last regular class time. Students are to be picked-up by a parent/caretaker or person designated by the parent/caretaker and approved by the School Leader immediately after school or report to after school child care (when available). Students are not to be unsupervised at any time during the school day or before and after school.

Late Arrival

Students are tardy to school if they arrive after the school day begins for all students. Teachers are expected to begin opening exercises promptly and transition smoothly into instruction. A tardy student must report to the office upon arrival and provide written or oral reason from the student's parent. The School Leader, or his/her designee, will provide the student with a tardy pass to admit him or her to the class that is in session at the time.

There are times when a deviation from a student's normal school schedule is necessary. Tardiness will be excused under the following circumstances:

- 1) Serious illness (accompanied by a parent's note or written doctor's notice)
- 2) Death in the family
- 3) Legally required presence at a court proceeding
- 4) School sponsored co-curricular and extra-curricular activities
- 5) Religious observations
- 6) Severe weather, fires, family tragedies
- 7) Pre-arranged late arrival approved by the School Leader

When a child is tardy between classes, it is the responsibility of the student to receive a pass from the previous teacher. Teachers are encouraged to assist students in transition to the next class. Students arriving in the classroom after the start of class will be considered tardy. State guidelines require that all attendance must be documented and reported to the local Intermediate School District, including late arrivals.

Early Dismissal

The student may need to leave school during the school day. The parent is to receive approval of the School Leader in advance by written or personal request for a justifiable reason, including early dismissals for doctor's appointments, religious observations, family funerals, and other pre-arranged events. Students will only be released to parents and adults designated by the parent/caretaker and approved by the School Leader. In child custody situations, the custodial parent must properly inform the School Leader of any limitations. Michigan law calls for students to receive 1,098 hours of instruction.

Dress Code Disciplinary Procedures

Students are required to be in school uniform during school hours and during school activities, unless otherwise specified by the Principal and/or Classroom teacher. Therefore any students that are in violation of the Uniform Guidelines, (please see *ICA Family & Student Handbook*) will be subject to a uniform violation.

Violations: Upon receipt of the uniform violation student receives a formal violation to be signed and returned the next day.

Multiple/Repetitive violations will result in further disciplinary action to be shared by the classroom teacher. The violations do not have to be consecutive days. If more than one (1) detention occurs as a result of violations, a parent conference with the administrator will be scheduled. Extenuating circumstances that are responsible for a violation must be communicated with the appropriate administrator or classroom teacher in a timely manner.

Expressions and Limitations

Students may exercise the right to freedom of expression through speech, assembly, petition, and other lawful means and have the right to advocate change of any law, policy, or administrative guideline. The exercise of this right may not interfere with the rights of others nor may oral or written student opinions be used to present material that falls into one or more of the following categories:

1. Material that reasonably leads the School Leader or teacher to forecast substantial disruption of, or interference with, school activities or that endangers the health or safety of students;
2. Material that is libelous or slanderous - statements that are inaccurate or false statements that injure the person as to his or her reputation, cause personal humiliation, mental anguish, and suffering or other injuries;
3. Material that advocates the commission of a criminal act or is a criminal act as defined by the Criminal Code of the United States, the State of Michigan, the County or the City of residence;
4. Material that is obscene as defined in the Michigan School Code, as amended.
5. Material, communications, and or actions that are considered to be bullying as defined in the Michigan School Code, as amended, and in Board Policy and administrative guidelines.

Distribution of Literature by Students and Nonstudents

The School Leader or his/her designee shall coordinate distribution or display of literature by students enrolled in the school. The material must be approved by the School Leader, must not be in violation of applicable Board of Directors Policy, and must bear the name of the sponsoring individuals or school organizations.

Search and Seizure

Desks, lockers, and storage spaces, which are provided to students without charge, are the property of the school. The School Leader or designee may make general inspections on a periodic basis and may open desks, lockers, or storage spaces in the presence of a witness and examine the contents, including personal belongings of students, when there are reasonable grounds to believe that they contain illegal drugs, contraband, weapons, or stolen property, or that the student has violated or is violating state or federal laws, City Codes, or Policies of the Board of Directors, provided the search is conducted primarily for enforcing order and discipline in the school and not for criminal prosecution. The School Leader may also, to the full extent permitted by law and Board Policies, search and seize students and their personal effects. Search of a student's person or intimate personal belongings shall be conducted by a person of the student's gender, in the presence of the student's parents or turned over to the Police, and only in exceptional circumstances, when the health or safety of the student or of others is immediately threatened. Reasonable efforts to locate the student shall be made prior to the search. If the student is present, the school official shall advise him/her of the circumstances justifying the search and seizure of the objects that the official believes the search may disclose. If the student is not present, he or she shall be informed of the search. Stolen items and items that are specifically prohibited by federal and state law, Board of Directors Policies, regulations of the

County and City and or school administrative guidelines may be impounded. The student shall be given a receipt for any items impounded by school authorities, and parents shall be notified of any items impounded.

Prohibition of Harassment, Intimidation, and Bullying (cyberspace as well)

Bullying and cyberbullying are prohibited at school. “At school” is defined as on school premises, in a school-related vehicle, at school-sponsored events, or using telecommunications access device or a telecommunications service provider under control or ownership of the Academy. Since “bullying” also includes “cyberbullying,” any reference in this policy to “bullying” shall also be deemed to refer to “cyberbullying.”

Bullying and cyberbullying are prohibited at school. “At school” is defined as on school premises, at school-sponsored activities or events, in a school-related vehicle, or using telecommunications access device or a telecommunications service provider if the telecommunications access device or telecommunications service provider is owned by or under the control of the school district. “Telecommunications access device” and “telecommunications service provider” mean those terms as defined in Section 219a of the Michigan Penal Code (MCL § 750.219a).

Bullying and cyberbullying that does not occur “at school,” as defined above, but that causes a substantial disruption to the educational environment may be subject to disciplinary action in accordance with this policy and applicable law.

Reporting and Investigating Reports of Bullying

Every student is encouraged to report any situation that he or she believes to be bullying behavior directed toward a student to a teacher, a counselor, administrator, or other staff member. Staff members shall report any reports made by students or situations that they believe to be

bullying behavior directed toward a student to the ESP. Complaints against the ESP shall be reported to the Board.

Under state law, a school employee, school volunteer, student, or parent or guardian who promptly reports in good faith an act of bullying to the appropriate school official designated in this policy and who makes this report in compliance with the procedures set forth in this policy is immune from a cause of action for damages arising out of the reporting itself or any failure to remedy the reported incident. This immunity does not apply to a school official responsible for implementing this policy or for remedying the bullying, when acting in that capacity.

Retaliation or false accusation against a target of bullying, a witness, or another person with information about an act of bullying is prohibited. Suspected retaliation should be reported in the same manner as suspected bullying behavior. Making intentionally false accusations of bullying is likewise prohibited. Retaliation and making intentionally false accusations of bullying may result in disciplinary action up to and including expulsion.

All complaints about bullying that may violate this policy shall be promptly investigated and documented. The ESP or designee is responsible for the investigation. If the investigation results in a finding that bullying has occurred, it shall result in prompt and appropriate disciplinary action, up to and including expulsion for students, up to and including discharge for employees, and up to and including exclusion from school property for parents, guests, volunteers, and contractors. Individuals may also be referred to law enforcement officials.

The Academy may utilize restorative practices that emphasize repairing the harm to the victim and the school community in the correction of bullying behavior, which may include victim-offender conferences that:

- A. Are initiated by the victim;
- B. Are approved by the victim's parent or legal guardian or, if the victim is at least 15, by the victim;
- C. Are attended voluntarily by the victim, a victim advocate, the offender, members of the school community, and supporters of the victim and the offender (the "restorative practices team"); and
- D. Would provide an opportunity for the offender to accept responsibility for the harm caused to those affected, and to participate in setting consequences to repair the harm, such as requiring the student to apologize; participate in community service, restoration of emotional or material losses, or counseling; pay restitution; or any combination of these. The selected consequences and time limits for their completion will be incorporated into an agreement to be signed by all participants.

Where the investigation results in a finding that bullying has occurred, both the parent or legal guardian of a victim of bullying and the parent or legal guardian of a perpetrator of the bullying shall be notified promptly in writing. In addition, administrators investigating alleged bullying may notify parents of the victim or perpetrator of bullying sooner than the conclusion of the investigation if circumstances dictate such earlier notification.

The Academy shall document any prohibited incident that is reported and shall document all

verified incidents of bullying and the resulting consequences, including the required notification of parents or guardians and any discipline and referrals.

The School Leader is the school official responsible for ensuring that this policy is implemented.

Confidentiality

The Academy will comply with all applicable laws regarding confidentiality of personally identifiable information within education records. In addition, the identity of an individual who reports an act of bullying or cyberbullying shall be and remain confidential. The School Leader, or the School Leader's designee, shall ensure that the name of an individual who reports an act of bullying or cyberbullying is withheld from the alleged perpetrator and the perpetrator's parent(s), legal guardian(s) and representative(s), and is redacted from any report of bullying or cyberbullying that is publicly disclosed.

Notification

This policy will be annually circulated to parents and students, and shall be posted on the Academy website.

Reporting

As required by state statute, the Academy shall provide a report of all verified incidents of bullying and other required information to the Michigan Department of Education on an annual basis, according to the form and procedures established by the Department.

As required by state statute, the Academy's procedures with respect to bullying are contained within this policy. No administrative guidelines accompany this policy.

SECTION D: DISCIPLINARY ACTION

Definition of Discipline

Discipline is the positive direction of behavior toward established standards of conduct, fully understood and based upon reason, judgment, and consideration of the rights of others. Ideal discipline is self-directed and self-controlled. Schools, community, and parents share the responsibility for helping students develop self-discipline. When self-control falters and self-discipline fails, disciplinary action outside the individual must be imposed to protect the rights of others and to ensure uninterrupted instruction by teachers for students.

The School Leader will carry out a positive behavior intervention program to help children and families, teachers and support staff, reflect upon their actions and be proactive instead of reactive to teach students self-discipline and acceptable social skills for school and career and college readiness. Positive discipline can be a powerful tool for teaching students to succeed.

Intervention options need to consider disciplinary referrals as opportunities for learning, with exclusion reserved for the most serious offenses. The consequence must be reasonable in direct relationship to the seriousness of the misconduct or the pattern of misconduct.

Certain rules and procedures are established to guide students through constructive growth and

readiness for careers and college. Parents, teachers, and others responsible for the welfare and education of these students need to cooperate to interpret and enforce these rules.

Mitigating Factors to be Considered

Except as otherwise noted below with respect to possession of a firearm in a weapon free school zone, if suspension or expulsion is considered, the Academy shall consider the following factors:

- A. the student's age
- B. the student's disciplinary history
- C. whether the student has a disability
- D. the seriousness of the violation or behavior
- E. whether the violation or behavior committed by the student threatened the safety of any student or staff member
- F. whether restorative practices will be used to address the violation or behavior
- G. whether a lesser intervention would properly address the violation or behavior

Restorative Practices

If the Academy determines that it will utilize restorative practices in addition to or as an alternative to suspension or expulsion of a student, it will engage in restorative practices which emphasize repairing the harm to the victim and school community caused by the student's misconduct.

Restorative practices may include victim-offender conferences that:

- A. Are initiated by the victim;
- B. Are approved by the victim's parent or legal guardian or, if the victim is at least 15, by the victim;
- C. Are attended voluntarily by the victim, a victim advocate, the offender, members of the school community, and supporters of the victim and the offender (the "restorative practices team"); and
- D. Would provide an opportunity for the offender to accept responsibility for the harm caused to those affected, and to participate in setting consequences to repair the harm, such as requiring the student to apologize; participate in community service, restoration of emotional or material losses, or counseling; pay restitution; or any combination of these. The selected consequences and time limits for their completion will be incorporated into an agreement to be signed by all participants.

Mandatory Exclusion by Michigan Law

For students in grades 6 and above, Michigan law requires the Board of Directors to remove a student who possesses a dangerous weapon, unless the student meets an exception in the law, commits arson, criminal sexual conduct, physical assault against a school employee or volunteer, physical assault against another student, bomb threat or similar threat.

The law provides a process for parents/guardians to petition the Board for reinstatement of the student. The School Leader will provide the parent/guardian with procedures to petition for the student to return to school. Parents/guardians should anticipate conditions for reinstatement being established.

Behaviors Warranting Disciplinary Action

Students are expected to meet classroom and school rules and are subject to appropriate disciplinary action, including suspension and expulsion, as set forth in the Michigan School Code. The purpose of disciplinary decisions is to develop self-discipline and social skills required for success in college and work. The positive discipline system is based on behavior intervention support much like our academic Accelerated Learning Plans. Behaviors that interfere with the rights of students to achieve academic success and to be educated in a safe, secure environment are categorized into three groupings, with exclusion from school reserved for most serious infractions and repeated and habitual behaviors that deter teaching and learning.

If a student feels unsafe or threatened, the student or the student's parent/guardian is encouraged to contact the School Leader immediately. Individual rights include individual responsibility within the bounds of reasonable behavior expected of all members of the school community. This applies especially to the freedom of fellow students to receive instruction. Educators must prioritize keeping students engaged in meaningful learning.

Various types of student misconduct are listed. The list is not all-inclusive and a student who commits an act of misconduct not listed is still subject to disciplinary action.

Discipline Procedures

At all times when students are under school jurisdiction, they are expected to conduct themselves in an orderly, courteous, dignified, and respectable manner. In an effort to maintain an orderly atmosphere in the school and on the school grounds, the teacher's authority extends to all students, whether or not the teacher teaches the student in class.

Disciplinary Actions. Disruptive student behavior is subject to disciplinary action by the teacher and/or School Leader. School Leader and staff are expected to use respectful and accountable intervention strategies, such as staff and student/parent conferences, auxiliary staff intervention and counseling programs, student programs for conflict resolution, peer mediation, anger management, anger prevention, and social skills. Intervention strategies may include anger management and conflict resolution programs for parents. Community based services may be called upon when appropriate. Actions taken by teachers may include but are not limited to:

1. Daily/weekly progress reports for students and parents
2. Time out in the classroom or other secure, supervised area;
3. Conference with the student;
4. Oral and/or written reprimand;
5. Detention during, before and after school
6. In school alternative with another teacher
7. Relocation to another classroom for a brief period of time
8. Relocation to blended learning environment

10. Consultation with a behavior specialist
11. School service assignment
12. Denial of participation in school activities
13. Give students a choice of consequences
14. One-day suspension until satisfactory conference with a parent is held.

A discipline referral should be sent to the School Leader when the teacher has exhausted in-classroom actions and feels that the student's improper behavior cannot be corrected through classroom management practices without sacrificing safety and/or learning for other students.

After consultation with the student and the teacher (if needed), the School Leader will determine the course of action required to provide a safe, secure school. Action taken by a School Leader

toward students who are disruptive may include but is not limited to:

1. A conference with the student and/or the parents;

14. Recommendation for long-term suspension (more than ten days) with approval of the School Leader's supervisor and Board of Directors;
15. Recommendation for expulsion with approval of the School Leader's supervisor.

The School Leader, with approval of his/her supervisor, may request an emotional, behavioral, and/or chemical dependency evaluation and treatment and/or counseling recommendation with attention to applicable special education rights afforded children with disabilities.

Corporal punishment is prohibited by Michigan law and is not to be used in any situation.

Incorrigible Behavior: A child is incorrigible when the child repeatedly or habitually engages in unacceptable behavior as defined in the Code of Student Conduct and disrupts the school and or classroom to the extent that the School Leader's and or teacher's authority is being challenged. Incorporrigible behavior, and other patterns of behavior, may result in long-term suspension (more than ten school days) of a student from the Academy. Parents and adult caregivers enter a partnership in responsibility with the Board of Directors to cooperate with the School Leader, faculty and staff to demonstrate responsible behavior in situations involving their child. The School Leader and faculty expect parents/caretakers to share responsibility for each student's responsible actions, academically and behaviorally and to enter a partnership in responsibility.

Patterns of Behavior:

1. Parents send and don't support their children at school.
 - a. Parent's low expectations: academic and behavior
 - b. Parent's reluctant to take responsibility for their own actions
 - c. Parent's bad-mouthing school and staff
 - d. Parent's being disrespectful to staff
 - e. Parent's failure to check in properly, disruption of classrooms, and assaulting employees

- f. Parent's not volunteering and not having school's interests at heart
- g. Failure of parents to cooperate with school in behavior improvement plan
- 2. Students not accepting academic responsibility for being on grade level and above.
- 3. Student failure to attend school responsibly (absences, tardies, and not responsible).
- 4. Student discipline problems.
 - a. Bringing community issues to school and trying to solve them at school.
 - b. Students having low expectations: academic and behavior.

 - e. Rude, disrespectful behavior that escalates into overly aggressive behavior.
 - f. Not following teacher directions.
 - g. Leaving the classroom without the teacher's permission.
 - h. Lying about situations.
- 5. Attitude of Learned Helplessness.

- **Short-Term:** Short-term suspensions occur when a student is suspended for one school day, up to and including five school days. The student's rights and privileges of attending school, including extra-curricular and co-curricular activities, are suspended. The child's teacher may suspend him or her for one day or until a parent comes to school and holds a satisfactory conference with the teacher. **The School Leader can suspend a student for up to five days and for up to ten days with approval of the School Leader's supervisor.** One-day suspensions by the teacher can be appealed to the School Leader.

The School Leader or designee must provide the student and the parent/guardian with oral or written notice of the misbehavior and an explanation of the situation. The parent shall be notified in writing of the action taken.

- **Long-Term:** A student can be suspended for more than ten days following approval of the School Leader's recommendation by the Board of Directors or its appointed representative. Long Term Suspension from school excludes the student from regular school attendance and participation in academy activities until readmitted by the Board.
- **Expulsion:** A student can be expelled only by action of the Board of Directors based upon recommendation of the School Leader or his/her designee. Expulsion from school excludes the student from regular school attendance and participation in academy activities until readmitted by the Board.
- **Notification:** A letter from the School Leader or his/her designee will be sent to the student's parent(s) when the student is assigned detention or out-of-school suspension or is recommended for long-term suspension or expulsion.

The suspension notice for *out-of-school suspension (ten or fewer days)* shall include at least the following information:

1. Reason(s) for the suspension and date(s) of suspension are to be clearly stated;
2. A parent will be contacted to establish a date and time for a readmission conference with the School Leader;
3. The student will not be allowed to participate in classroom and school activities during the suspension period;
4. The student is not to go on school property;
5. Appeal procedures shall be clearly stated in detail.

The suspension notice for long-term suspension/expulsion (greater than 10 days) shall include at least the following information:

First Notice and Invitation to Meet

1. The reason(s) for a long-term suspension or expulsion are to be clearly stated;
2. A parent should be informed that an investigation is being conducted by the School Leader and what the most severe recommendation might be;
3. A date and time for a conference is given when a parent, accompanied by the student, are invited to come to school for a conference with the School Leader or designee and/or other advisors to present and hear information;
4. The student will not be allowed to participate in classroom and school activities during the suspension; and
5. The student is not to go on school property or attend school activities.

Following the conference, the School Leader will review the facts with his/her supervisor and they may decide to recommend long-term suspension or expulsion to the Board of Directors. The School Leader or his/her supervisor will inform the parent(s) and student of the recommendation to reinstate with conditions, long-term suspension, or expulsion. If the School Leader recommends long-term suspension or expulsion, the School Leader or his/her supervisor will write to the President of the Board and send a copy of the notice to the parent(s) including at least the following information:

Second Notice to the Parent/Guardian of Recommendation to the Board of Directors

1. The recommended action and reason(s) for the recommendation are clearly stated;
2. The right of the student and his/her parent(s) or guardian to a hearing before the Board of Directors or its designees for long-term suspension and for expulsion recommendations, including the time, date, and location of the hearing;
3. The right to inspect the student's school records and related documents;
4. List of all witnesses that may testify;
5. The right to an adult advocate, including parents, other adult advisors up to and including legal counsel;
6. Copy of Board Policy 5610 Emergency Removal, Suspension and Expulsion of Students, including discipline hearing processes and appeal procedures.

Subsequently, the School Leader will follow-up with the student and his or her parent or guardian of the time, place, and location of the hearing with the Board of Directors or its designee to ensure delivery of the notice and to respond to questions.

Students with Disabilities. Students with an Individualized Education Program (IEP) are responsible for following the Code of Student Conduct. Students with disabilities may be suspended for inappropriate behavior. In making decisions concerning inappropriate behavior by students in Special Education, the teacher and the School Leader are to consult with the student's Special Education resource room teacher to ensure consistency with the student's IEP. School Leader is responsible for consistency with specific special education procedures.

School Leader may recommend a student with disabilities for long-term suspension or expulsion (greater than ten days) by following these procedures:

1. The School Leader will follow regular procedures for long-term suspension or expulsion as described above.
2. Once the School Leader has made a recommendation for long-term suspension or expulsion of a student with disabilities, he or she shall hold the Manifestation Determination Review to determine:
 - (1) if the student is eligible for special education services;
 - (2) if the student is appropriately placed in a special education program; and
 - (3) if there is a causal relationship between the student's disabling condition and the conduct for which he or she is to be disciplined.
3. The parent will be notified in writing of the time and place of the hearing and its purpose.

Appeal Procedures

In-school Disciplinary Actions

Should a parent disagree with disciplinary action of the school **other than out-of-school suspensions or expulsions**, the parent may appeal the decision as follows:

1. Appeals should be made to the School Leader by arranging an appointment or by writing to the School Leader.
2. If the parent is dissatisfied with the result of the appeal to the School Leader, the parent may appeal to the School Leader's supervisor. Appeals must be filed, in writing, within three school days of receipt by the parent of the School Leader's notice of disciplinary action. The School Leader's Supervisor's decision is final.

Out-of-School Suspension (five days or fewer)

Should the parent disagree with a suspension of five days or fewer, the parent may appeal the decision of the School Leader as follows:

1. Appeal requests must be made in writing by the parent to the School Leader. Such written requests must be filed with the School Leader within three school days of the notice of suspension or the right to review and appeal is waived.
2. If the parent is dissatisfied with the School Leader's decision, he or she may appeal the decision to the School Leader's supervisor. Such written requests must be filed with the School Leader within three school days or the right to review and appeal is waived. The School Leader's Supervisor's decision is final.

In cases of immediate appeal, if the School Leader determines that the student's presence at school does not create a continuing danger to persons or property or an ongoing threat of disruption, the student may be allowed to continue in school on a regular basis until the appeal is considered. A favorable decision will allow the student to continue in school, whereas a decision supporting the School Leader will require the student to serve the full suspension beginning the next school day after receiving notice of the decision. In situations where the student is excluded during the appeal process and the appeal is ultimately favorable to the student, opportunity will be provided for the completion of make-up assignments.

Long-Term Suspensions (more than five and up to ten days)

A student may be suspended for more than five school days and up to ten school days with approval of the School Leader's supervisor. The same appeal procedures for Short Term Suspensions apply to suspensions of more than five and up to ten school days, with the exception that if the parent is dissatisfied with the decision of the School Leader's supervisor, he or she may appeal the decision to the Board of Directors by filing a written request of appeal within five school days or the right to further appeal is waived.

Expulsions and Long-Term Suspensions (more than ten days)

Long-term suspension of more than ten days and expulsion occur when the Board of Directors terminates the student's rights and privileges to attend school, including extra-curricular and co-curricular activities. Long-term suspension is for a specific period of time, while expulsion is for an indefinite period of time. Reinstatement processes are outlined in Board Policy.

Following the School Leader's recommendation for long term suspension of more than ten days or expulsion, the Board of Directors, or its designated representative, will hold a hearing within the ten days suspension period to determine whether to impose a long-term suspension or expulsion. The student and parent/guardian must be notified of the allegation, the recommended disciplinary action, the time, date, and location of the hearing, and of their right to attend and participate in the hearing. Prior to the hearing, families will be given an opportunity to review all evidence as well as a list of all persons scheduled to testify.

Following a hearing, should the parent disagree with the Board designee's decision to suspend a student for more than ten school days, the parent may appeal the decision to the Board of Directors as follows:

Appeal requests must be made in writing by the parents to the School Leader within five calendar days of receipt of the suspension decision, or the right to appeal is waived. The petition to appeal the representative's decision shall be in writing and contain the reason the designee's decision should be reviewed or reconsidered. The designee may be an individual or a discipline committee of two Board members.

The parent/guardian of the student may petition the Board of Directors to request the student's reinstatement to schools, as permitted by law. Within ten school days, the Board must

appoint a committee to review the petition and any supporting information provided by the petitioner. The committee has ten days to review the petition, including documents provided by the petitioner and School Leader, and submit a recommendation to the Board of Directors.

All appeals of decisions by Board designated representatives to the Board Appointed Discipline Committees shall be considered by the Board of Directors at its next regularly scheduled meeting. The Board must decide to reinstate the student, to reinstate the student conditionally, or to deny reinstatement.

2.1 FERPA Notice of Directory Information and Opt Out Form

Signed electronically during the application process

The School may disclose appropriately designated "directory information" without written consent, unless the parent or adult student advises the School to the contrary by filling out, signing and returning this form to the Academy. The primary purpose of directory information is to allow the School to include this type of information in certain school publications. The following is a list of uses for which the Academy commonly would disclose a student's directory information: Playbill – showing student's role in a play or music production, Annual Yearbook, Honor roll or other recognition, Graduation Programs, Sports and Activity Sheets, etc.

Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a parent's or adult student's prior written consent. Also, two (2) Federal laws require the Board to provide military recruiters, upon request, with three (3) directory information categories, names, addresses, and telephone listings - unless parents or adult students have advised the Board that they do not want their student's information disclosed without their prior written consent.
